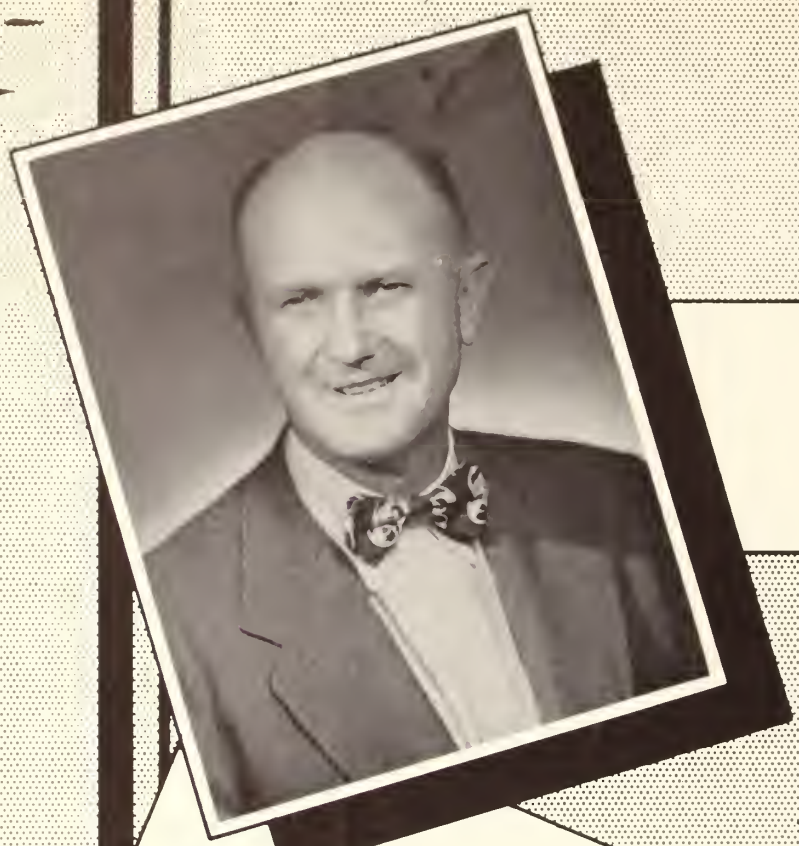
Hi Schoolmates:

In this WILDCAT of 1955, we have tried with words and pictures to recapture the highlighted experiences and enjoyable moments of the past year. This has been one that we shall never forget. Preserved in this annual are many memorable events and the fun of the year. May a glimpse through these pages always bring a smile to your lips.

THE EDITORS

Dedication

We sincerely dedicate this 1955 edition of the WILDCAT to you, Miss Thelma Batson, hoping to show in a small way, our appreciation for the work you have done at P. R. J. C. We are very proud of our music program and if it were not for your patience, willingness, and tireless efforts, we would not be able to say that. Your life has been an inspiration to all of us, and we admire and respect your fine Christian character.



President's Message

TO THE STUDENTS AND FACULTY:

I want to express my appreciation to all of you, both Students and Faculty, for the fine spirit of cooperation that has been so evident in all of our activities. To the Staff of the Wildcat, I am especially grateful for the fine piece of work that has been done in making available this Yearbook, a record of the activities that have taken place in our school this year. It is my earnest wish that all of us may in the years to come look back upon this year as a happy and profitable experience.

Alma Mater

O, Pearl River College, we're loyal to you;
To our Alma Mater we're faithful and true.
You stand on the hills with the tall swaying pines;
The symbol of all honor you'll be through all times.
You stand for the highest, and we will uphold
Your standards and colors of Maroon and Gold,
And where'er we wander from these halls so dear
The clear call of our college we will always hear.

Mississippi forest lands, currently producing timber at less than half capacity, offer a tremendous opportunity for expanding the state's industry.

One medium sized pulp mill provides employment equal to that necessary to plant, cultivate and harvest 100,000 acres of cotton.

But there can not be pulp mills (or other wood using industries) without forests to provide raw materials.

Each year in Mississippi tens of thousands of potential jobs are burned up by forest fires—all unnecessary!
